Waters Therapy Shower Head

Negative Ion

New concept of a plate for sprinkle equipped in the shower head produces anions a lot more than forestland, so you can get the same results of walking through the woods at your home.

Save Water

With only half amount of water in the general shower you can get the same water pressure, meaning you can save a half of used water. As it also can make water pressure high, even the home where water pressure is very low can also use water with a pleasant water pressure.

Clean water

A filter equipped in the shower head protects your skin by removing residual chlorines and impurities such as scale and enable you to take a shower with clearer water.

Silky Touch

A comfortable stimulus new technology-applied plate for sprinkle gives when you take a shower makes you feel the touch of water soft and give an effect of a massage.

Waters Therapy Shower Body

Aroma Therapy

Waters therapy shower utilizes the aroma therapy that helps the aroma beneficial for our body to be absorbed into our body through nose, mouth, skin, and mucous membrane during shower

Residual chlorine

Waters therapy shower completely removes the residual chlorine in tap water, providing clean and safe water with no concern on skin trouble or hair loss

Soft Water

Waters therapy shower includes magnetization function which accelerates water molecule to be absorbed fast into skin by reducing its size and provides soft water.

Collagen

Waters therapy shower contains collagen to increase the flexibility and elasticity of skin.

Vitamin C

Waters Therapy Shower consistently supplies Vitamin C, which has some advantages to revitalize skin, improve deep wrinkles, soften skin, supply nutrients, retain moisture and make skin healthy. Now rejuvenate and refresh your skin with Vitamin C shower.

Waters therapy shower is special because a specialized water company, having researched only water for 30 years, produces !

10,000 Liter
2-3 Month

Waters therapy shower is effective over hair loss prevention and atopic disease!

Be liberated from skin trouble and hair loss concern due to residual chlorine!

Waters therapy shower can provide clean, safe water without concerns creating skin trouble and hair loss by removing the contents of remaining residual chlorine in tap water.

Harmful effects of residual chlorine

- Roughens skin and accelerates skin aging.
- Dries skin and leads to skin troubles (skin cancer, atopic syndrome) including itching.
- Causes hair loss, discoloration and dandruffs by degenerating hair protein.

Do you know our body absorbs more residual chlorine in the process of shower than drinking tap water?

Residual Chlorine (Cl) easily volatilizes during shower, diffuses in the air, and is concentrated in a closed bathroom. Therefore the amount of chlorine absorbed through skin and respiratory organs during shower is 3 to 4 times greater than that absorbed by drinking water.

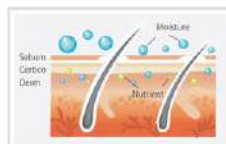

Waters therapy shower makes bad skin fresh and elastic!

It freshens skin by supplying vitamin C to water continuously, gets skin more healthy by protecting skin, removing deep wrinkle, softening skin, supplying nutrition, moisturizing skin, etc, as well as makes pretty skin well managed through contained collagen possible to increase softness and elasticity.

Before pore expansion

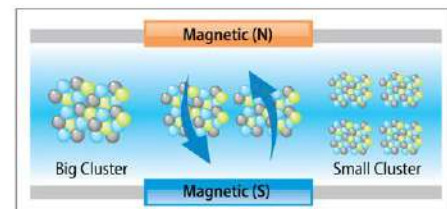

After pore expansion

As pores of skin are temporary opened wide during shower, vitamin C and collagen are effectively supplied. The absorbed vitamin C can preserve skin tightly by preventing aging and skin wrinkle after composing with collagen

Pleasure and happiness to wash with soft water!

Waters therapy shower, a new concept mini softener possible to install with ease and enjoy at low cost, gives pleasure and happiness during shower by minimizing water molecule to soften water through powerful magnetic treatment as well as even plays a role to control bacterial growth

Regulate metabolism with lavender scent, stress relief effect!

Take a shower even to the mind with aromatic scent!

Waters therapy shower is a shower making use of aroma therapy and giving effect over stress relief, metabolism regulation, mental stability, etc, with lavender scent spread all over the bathroom

Effect of Aroma Therapy

1. Outstanding nervous tranquilization
- relieves tension and prevents diseases from stress.
2. Excellent skin beautification
- Directly transfers the natural vitality of plant to the skin.
3. Cleansing and filling atmosphere with fragrance
- removes various orders basically.
4. Pleasing and activating body functions

More comfortable shower with negative ion!

Mass negative ions, 250,000 ea, are emitted (50 times more than a waterfall) and a newly invented water spray plate touches to skin as soft as silk and allows us to enjoy comfortable shower like being massaged
